

Creating a Legacy in
Los Altos Hills is
Only a Few Brush
Strokes Away.

Join Us in Creating a Community Donor Wall for Our Town. For the Families of Today and of Tomorrow.

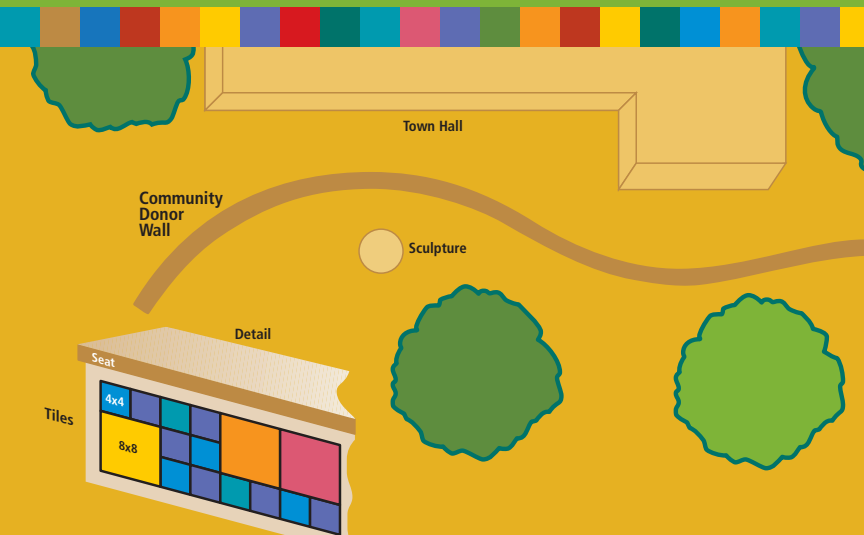

The New Town Hall design will incorporate a beautiful serpentine tile wall leading to the entrance of the New Town Hall, three segmented tile walls around the Heritage Oak Tree, and one retaining wall in front of the Council Chambers. The tile walls will provide Los Altos Hills residents an opportunity to design and paint their own tiles, creating a colorful mosaic that will serve as an artistic backdrop to the new Town Hall. Moreover, the wall will serve as a lasting tribute to the families that make up our vibrant, rural community. Once completed (June 2005), town residents can take pride in their artistic creation, a testament to the collective creative efforts of the families of today, for the families of tomorrow.

Residents are encouraged to design their own tiles. Make it a fun family art project, or receive design assistance from Petroglyph, the ceramic studio that will glaze and fire each of the tiles. Petroglyph will set up a temporary studio near Town Hall, making it convenient for residents to create their own tiles. Alternatively, residents can visit the Petroglyph studio in Los Gatos. Design guidelines and restrictions are available on the Town's Website.

The tiles for the wall are either 4 x 4 inches (\$200) or 8 x 8 inches (\$600). Residents may purchase as many tiles as they wish (configurations must conform to grid presented in architectural rendering below). Remember, space is limited and are available on a first-come, first-serve basis. Committee Members will determine a tile's final location on the wall. Tiles need to be completed by Dec. 31, 2004.

Funds from the Community Donor Wall Project will be used for enhancements to the project, identified by the donor committee as important, but unfunded in the New Town Hall budget. Donations and tile purchases are tax-deductible to the full extent of the law.
